

## Enrollment

Potential students may enroll in HEP Network courses:

- for professional growth or development,
- to obtain Continuing Education credit from a participating agency or organization,  
or
- to obtain college/university credit.

Students who enroll in HEP Network courses will receive a pass code that will enable them to gain access to the desired courseware or instructional information. This pass code will allow students to gain access to the courses for up to one year.

Students who enroll in HEP Network courses will be allowed access to:

- all course work materials,
- support information from the HEP Network website,
- technical support with software/computer problems, and
- technical support for course content and related skills questions.
